Qty.	CTR Product #	Item size/Description	DOT/Run #	Brand Name	Defect	Service Call?

*In order for us to process your defectives faster please **do not** accumulate them. PLEASE specify if there are service calls/labor costs. Service calls **always** require the tube to be sent back with defect circled. Defective tires require a digital picture and possibly the actual tire returned for inspection. Procedures vary by vendor. Please **do not** dispose of any product until you receive a credit from Countrywide. Thank you!
